Within the City Development Department, the City Docks Section is responsible for the City Docks Estate and manages the Statutory Functions as Harbour Authority for Bristol City Docks and the Floating Harbour.

Providing an excellent career opportunity and reporting directly to the City Docks Service Manager, we are looking for an excellent manager to manage staff within the City Docks Operations/Marine Services Section. You will oversee vessel, waterway, event and quayside management within the City Docks.

You will be responsible for the health, safety and welfare of a multi-disciplined workforce and you will ensure compliance with the Port Marine Safety Code, Byelaws and Statutory functions of the City Docks.

You will be a designated Harbour Master.

There will be some weekend working ensuring a senior management presence and continuity of service to the many users of the harbour for which an allowance will be paid.

Managing a budget turnover of c. £1million you will be heavily involved in service planning including the development and implementation of operational initiatives designed to improve performance and efficiency. This will include assisting with a full operational review of existing services and will contribute to the formulation of strategic partnerships with the public, private and voluntary sectors and with contractors.

Applicants should be able to demonstrate proven experience of the service industry, managing and motivating technical, administrative and multi-skilled manual staff and have well developed project management and service planning skills.

A Class 1 Master's Certificate or Harbour Master's qualification or equivalent is required.
